PROGRAMME STRUCTURE

■ Academic Core ■ Experiential Core ■ Optional

The **Academic Core** grounds participants with a solid foundation in business. The **Experiential Core** takes participants beyond the classroom, exposing them to challenges that business leaders face every day and honing the skills they will need to successfully navigate any business environment.

Launch Your Transformation

Kick off your transformation journey with a high-energy, high-impact 5-day bootcamp, and emerge with stronger communication and influencing skills.

MBA Survival Kit

Shifting away from a task-based & process-oriented mindset, you will be guided to develop an outcome-oriented & problem-solving approach, and get prepared for the MBA Consulting Project.

MBA Consulting Project

Apply what you have learnt to solve a business problem or tap into growth opportunities. This intensive, hands-on course takes place over 3-4 months, and has offered 300+ projects across 12 different industries with more than >150 companies.

Electives & Specialisations

Tailor your MBA by selecting from >50 electives across 9 specialisations. Choose to generalise or focus on a specific area.

Specialisations:

- 01** Finance
- 02** Marketing
- 03** Strategy & Organisation
- 04** Innovation & Entrepreneurship
- 05** Consulting
- 06** Analytics & Operations
- 07** Digital Business
- 08** Real Estate*

[†] GRIP is a non-unit bearing programme.

Note: The above illustrates the suggested schedule and may be subject to changes. Maximum candidature is 6 years.

AMPLIFY YOUR MBA BEYOND THE CLASSROOM

Global Exchange Programme

Spend up to a full semester at one of 60 partner universities worldwide and gain exposure to new cultures and business models. Our partner universities are all members of the prestigious Partner in International Management consortium – an international network of leading business schools.

Internships & Industry Immersion

Gain hands-on experience and position yourself for your next role post MBA. Choose from a full-time or part-time internship, for a semester or a shorter period, to explore a sector or a company that interests you. Further engage with business leaders through case competitions, industry networking sessions, conferences, and various industry-focused events organised by our student clubs.

Student Clubs

Take on a leadership role on the Student Council or one of the Student Clubs. You don't have to be a member to take part in all that the student clubs have to offer. The Clubs extend the learning experience in exciting ways far beyond the classroom.

The NUS MBA offers a multitude of opportunities and pathways to develop the skills required to thrive in today's competitive workforce, balancing traditional classroom instruction with experiential learning. This hands-on approach, rooted in real-world scenarios, shapes participants into leaders and practical problem-solvers – the go-to people who take a business forward.

MBA Mentorship Programme

Partner with MBA alumni for career guidance and industry-specific insights. The Mentorship programme pairs current students and alumni, where they meet several times during the year to exchange information, insights and experience as well as provide mutual support.

Innovation & Entrepreneurship Experience

Gain hands-on entrepreneurship experience with a variety of cross-faculty electives and programmes. Work in cross-disciplinary teams and collaborate with scientists, engineers, innovators and enterprises in start-ups involving commercialisation of technological innovations.

Global Network for Advanced Management (GNAM)

Take part in exchange programmes, investment competitions and online courses aligned to participants' goals and interests. The prestigious GNAM network counts over 30 other top-tier schools in 30 countries such as Yale, UC Berkeley, HEC Paris and Oxford as members.

Global Immersion Programme

Week-long international study trips combine cultural immersion, company visits and exchanges with local business leaders to add depth and richness to classroom sessions.

NUS MBA brought Asia to me. My exchange at the Imperial College connected me to the rest of the world. My new skillset and connections opened my horizon. Today, I have a global community who continue to support each other's growth. The holistic experience prepared me both as an individual and in my career. It launched my transformation.

CAREER IMPACT

It is natural that I would work with my alma mater, NUS Business School, to find good talent. Beyond this reason, there are many programmes in the school to prepare its students to be career-ready and the wonderful colleagues at BIZCareers are dedicated in connecting us to their bright next-gen talent.

Crispian Tan, Senior Director, SAP University Alliances APJC

Being a career advisor allows me to coach and mentor students on their career aspirations. My goal is to help them build their professional brand and strengths. It keeps me motivated when I see students succeed in their career journey.

Alan Kwa, Career Advisor, BIZCareers

It wasn't a single experience – the connections, warm alumni community and invaluable knowledge are some things that I'll keep forever.
